

11/29/2023

**Proposed motion to amend Article VII Section I of the Marine Prop Riders By-Laws.**

I propose the following changes in red.

It shall *be* the intent of the Marine Prop Riders to participate in the planning and race day activities of all races where it is geographically possible to do so. Each race must be considered individually and on an annual basis. The club may only *conduct* races by a majority vote of the Board of Directors and *ratified by majority vote of* the membership.

No contract may be considered without this approval.

1. The reason for this motion is to remove the term co-sponsor. The Marine Prop Riders (MPR) should never be in the position of sponsoring or co-sponsoring a race event. All financial responsibilities should and must be the responsibility of the “sponsoring club, private entity or public entity.

Proposed motion should be scheduled for the January 10, 2024, agenda and open for discussion.

Proposed motion brought forward by.

Phil Goodell
